Specialization

A highly motivated and detail-oriented Information Technology student currently in the 7th semester, with a strong passion for Web Development and its industrial applications. Possesses a solid foundation in programming fundamentals, object-oriented programming, and practical development using Python, along with front-end technologies including HTML and CSS. Demonstrates a keen interest in Web generating models and their integration into real-world systems to solve complex problems. Actively engaged in academic and hands-on projects, building practical experience in software development and problem-solving. Adept at learning new technologies quickly and applying them effectively in dynamic environments. Exhibits strong analytical thinking, teamwork, and communication skills, essential for collaborative industrial settings. Committed to continuous learning and staying updated with emerging trends in AI and software engineering. Seeking opportunities to contribute technical skills and innovative thinking within a professional organization while gaining valuable industry exposure. Known for being proactive, adaptable, and driven to deliver high-quality results under deadlines. Skilled in full-stack development using Django Framework, WAMP, and VS Code, combined with advanced expertise in Adobe Photoshop, Illustrator, and InDesign for creating professional UI elements, Mockups, and brand visuals. Completed multiple academic projects that reflect the ability to merge design creativity with functional programming. Highly knowledgeable in graphic design principles, digital branding, and visual storytelling, enhancing the user experience of web interfaces. Currently expanding my learning toward advanced AI integration, machine learning modules, and intelligent web applications to develop innovative, data-driven solutions.

Technical Proficiencies

Programming & Development: Python (Django Framework), HTML, CSS, WAMP, MySQL, VS Code, HTML/CSS/JS, Bootstrap

Design Tools: Vs Code, Notepad++, Android Studio, Django, PHPMyadmin, WAMP Server, Firebase, Adobe Photoshop, Illustrator, InDesign,

Other Tools: Miro, Git, SEO Optimization, Basic Video Editing (Premiere/CapCut), Canva

Expertise Areas: Web Development, Frontend HTML/CSS, Admin-Panel Creation with Superuser, Branding, Visual Design Skills

Certification

- ACI – Graphic Designing 2023
 - DEN- Mentorship Certification 2024
 - RWU-Logo Competition 2025
 - RWU-Idea fest (Certificate of Appreciation) 2025
 - SEE Pakistan 2025-World Startup Championship 2025
 - HQ-NLC- Certificate of Appreciation 2025
 - HQ-NLC-Graphic Intern & Web Dev Intern 2025
 - AI Vs Cybersecurity, Future War-Human Firewall, YesYouCanGlobal
 - 4th International Conference Revamped Scientific Outlook of 21st Century
-

Experience

Digital Empowerment Network, Islamabad	June 2024 – August 2024
HQ-NLC (National Logistics Corporation), Rawalpindi	July 2025 – August 2025

Education

Rawalpindi Women University, Rawalpindi, Pakistan – Bachelor In Information Technology	Oct 2023 – Current
APSACS Fort Road, Rawalpindi, Pakistan-Intermediate	Sep 2021
Fazaia Intermediate College Nur Khan Base, Rawalpindi, Pakistan-Matric	Sep 2019

Academic Proficiencies

- Horse Racing Game In C++, Programming Fundamentals
- Cars Showroom System ,Oops
- Mart Inventory System , DBMS
- AI – Based FAQ Chatbot using NLP, Artificial System
- Smart Safety Community App, MAD/Flutter
- Research Analysis on User-Centric Explainability Freameworks , Cloud Computing
- Proactive & Adaptive Self-Healing Architectures For Next Generation Cloud System, IT Infra
